Celebrate an evening of kirtan with Wynne Paris. Wynne has been joyfully involved in Kirtan and yoga music for 11 years. A pro musician for over 20 years, Wynne's life as a nightclub musician ended the day he was invited to play music with the Indian saint Ammachi in 1996. The Darshan he received from 'the Hugging saint' changed the direction of his music and soul.

After moving from Washington DC to California, he started accompanying Bhagavan Das and Krishna Das at kirtans and concerts. Since then he has recorded with, produced, and performed with many of the well known Yoga and World Beat musicians, including Badal Roy, Dave Stringer, Wah!, Girish, David Newman, Guru Ganesha, Sophia, Rasa, and many others. When not performing Paris spends his time in the recording studio. His new album is called Groovananda.
