2009 Weekend

***"Kali Natha Yoga is the Dance of the Nathas. One can learn this ancient yoga simply by following the heart and the dance is in tune. I look forward to being with my teachers of Kali Natha Yoga. While learning Kali Natha Yoga your body will move in ways that you would not think possible. Soar into the ether of conciousness while you learn this Sacred Yoga and you will find the depth of love you never thought you had. One learns from the rhythm and the beat of their open heart." - Ma Jaya***

Graduates of Kali Natha Yoga Teacher Training are invited to this third annual graduates intensive with Ma Jaya. Ma will give yoga darshan to the graduate teachers and teach about Kali Natha Yoga throughout the weekend. There will also be an in-depth study of the newest Kali Natha Yoga asanas.
